DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 3 are allowed.
2. The following is an examiner's statement of reasons for allowance: The statutory type double patenting rejection of claim 3 has been overcome by the amendment dated 4/12/05, due to this amendment claim 3 would be rejected under a nonstatutory double patenting because the scope of new claim 3 is broader than claim 1 of issued patent 6392374, in order to advance prosecution applicant filed a terminal disclaimer in anticipation of this double patenting rejection. Therefore, the terminal disclaimer filed on 4/12/05 disclaiming the terminal portion of any patent granted on this application that would extend beyond the expiration date of patent number 6392374 has been reviewed and is accepted. The terminal disclaimer has been recorded and overcomes the double patenting rejection of claims 1 and 3.

Applicant's arguments filed 4/12/05 with respect to claim 1 have been fully considered and are persuasive. The 102(b) rejection of claim 1 has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
